- Discussed agenda and procedure for upcoming Member Town Hall sessions
- Approved operating budget for 2026-2027 Fiscal Year
- Provided update on 2026 Conference planning
- Presented Quarter 3 financial report
- Reviewed Road to Regulation guiding document

Next Board meeting is Monday, May 11, 2026

REMINDER: Membership Renewals due APRIL 30, 2026!
Please have all CE uploaded into your portal before renewing your membership.
Questions about renewing? Email communications@bcvta.com

All BCVTA members are invited to the upcoming member town hall sessions in April 2026. We encourage all members to join us to review proposed Bylaw amendments, discuss the Road to Regulation project, and the upcoming BCVTA Conference.

Town halls provide members the opportunity to ask questions about the BCVTA. Additional information about attending both town halls and AGM have been sent out separately to members earlier last week.

The two dates are below. Join us for one or both and receive 1.5 CE credits for attending!

Saturday, April 18, 2026, at 10:00 AM - 11:30 AM

Tips from CleverOrcaVT
Map Out Your Plan to Crush Anxiety

Anxiety often isn't about ability, it's about a lack of planning. When you don't have a clear study plan, your brain fills the gaps with stress and self-doubt, even if you know the material for the VTNE®. Taking just 30 minutes to map out your exam date, domain chapters, and timeline can instantly bring a sense of control and calm.

Start by identifying how many chapters you need to study based on the time you have until your exam, then divide that time per chapter. Start with your weakest areas and schedule those first, so nothing feels vague or overwhelming. Once your plan is on paper (and in your calendar), you can trust the process - and let your energy go toward studying instead of worrying.
